April Meeting

The April meeting will be held at the Grafton Senior Center at 7:30 on April 21, 2014.

January Meeting Highlights

President's Welcome

The December membership meeting was called to order by President Steve Tarney at 7:43:09 pm.

Field Condition

Soggy and cold.

Treasurer's Report

The treasure's report was read and approved.

Welcome to new members Donald Weigend and Bob Lemon.

Old Business

Jim Hendrickson reported on the July fun Fly progress. Fun fly will be July 12 with the 13 as the rain date. See the back of this newsletter for the flyer.

Also see the end of this newsletter for Bob Kohler's Sale.

Please note that if anyone else wants to sell RC related items just let the editor know and we will start a "classified" section.

Bob Ryan reported on RC Association doings.

Matt Komro read the following letter from the Marquette Engineering department thanking the AstroWings for our generous donation.

Astrowings,

On behalf of Marquette Aero I would like to extend our sincerest gratitude for your generous donation. Being a student driven group, funding at times is hard to come by and the fund donated by your group has been more than appreciated. We thought you would like to know the funds are currently being used to purchase our materials. We are currently acquiring wood and electrical components and being on a tight time line your donation has meant a great deal to this club. In the spirit of raising interest in young minds our second team is mostly comprised of freshman and sophomores and we have been making sure they have appropriate materials and tools to continue their progress. They are progressing wonderfully and none of what we do would be possible without generous groups like yourselves.

As an update from our group, we are currently registered for the 2014 SAE Aero East Competition in Marietta, GA. Which will take place April 11-13th. We are taking two teams; one is comprised of six seniors and a junior, and the second is about 21 students ranging from freshman to juniors. We are hoping to wrap up our modeling and design phase in the next week so that we can begin to build and test in the following weeks.

Once again thank you very for your generous donation it means a lot to our group and to us moving forward.

Sincerely,

Aero Marquette

Show & Tell

Tom Johnson brought his nicely done red 97.

Steve Tarney showed his great biplane.

Andrej Karaffa shared his enthusiasm for heli's.

Mike Crotteau brought his Sig Señorita that is one of his many projects.

Ray and Noah Pecor showed the wing of a model they're working on. And it was a big one.

Roger Zaun brought a model that he's selling: \$1200 or \$1000 to an AstroWings member.

Jim Hendrickson shared his high wing model with us and offered it to who ever wanted to add electronics.
