Boy Scout Flight Instruction

On September 16th we held flight instruction for Boy Scout Troop 840. We had a successful day even though it was windier than we would have liked. All the scouts who wished to fly were able to make multiple flights, and we got a scout mom to fly as well! The scouts got a chance to learn about what we do, and how our equipment works. This was a group effort, and I would like to thank the people involved.

Thanks to:

Jim Mikkelson for coordinating the event.

Aaron Cochran for flight instruction, and the use of his plane and equipment.

Randy Baker for flight instruction, and the use of his plane and equipment.

Mike Crotteau for flight instruction.

Scott Orten for loaning his flight line equipment and providing fuel.

Roger Zaun for a very nice club training plane.

John Collins for test flights.

Jeremy Mikkelson and Jim Mikkelson for their time and help setting up the club's trainer planes.

Gary Keup and Jack Spooner and our other members who came out to support the club and scouts.
